Observation & monitoring.
Sports premium funding allocated			£8,850		
Total spend			£11,950		

Impact of Sports Premium

Walsden St Peter's children currently participate in the widest range of PE and sport activities we have ever provided. Attainment is high and recently we have seen our pupils win sports trophies in football, athletics and multi-sports competitions involving a large number of local schools across the primary age range. Walsden achieved a bronze level School Games Award in summer 2016.

Sustainability

Our improvements in PE and games will be sustained through regular staff professional development, the dissemination of good practice and a commitment to continued investment in our sport provision.
