Science - Sound

Through our work through Science this half term, we will be exploring the following targets:
Identifying how sounds are made, associating some of them with something vibrating.
Recognising that vibrations from sounds travel through a medium to the ear.

Finding patterns between the pitch of a sound and features of the object that produced it.
Finding patterns between the volume of a sound and the strength of the vibrations that produced it.
Recognising that sounds get fainter as the distance from the sound source increases.
